March 25th--Digital Mode Demo

Hello Everyone,

I just wanted to give a shoutout to Chris and Amanda Monske for the wonderful Digital Modes Intro class that was given at the Tri-Lakes Library in North Jackson. There was a great turnout of attendees, good questions asked and great answers given. The weather thwarted their plans for a demo in the parking lot of the library but everyone agreed to move the outside demo to the pavilion at Lake Milton State Park. Being a newbie, I was surprised at the speed that the antenna was set up and in no time, Amanda was demonstrating the FT8. I'm more of a hands-on learner so for me, this was a great experience. The weather was somewhat uncooperative and a few of us got wet but everyone seemed to have fun and enjoyed the demo. Thanks again to Chris and Amanda and all the participants.

73,

Darla KE8VOJ
