

WRARC – Net Control Script

QST, QST, QST. This is ([Your name & call sign](#)) Net Control Operator this evening, for the Western Reserve Amateur Radio Club Net. The club call sign is W8WRC. This is an open net and all amateur radio operators are welcome to check in.

This net meets each Friday evening at 9:00 P.M. on the W8WRC repeater, 145.270 with a PL 110.9.
(PAUSE)

Is there any priority or emergency traffic please come now. (*Pause for 3 seconds*)

When checking in please give me your call sign, name, location and let me acknowledge you before the next check in. If you have any traffic for the net, please let me know and you will be placed on the list. Please give a couple seconds before keying up and give the repeater a chance to reset.

We will now take low power and handheld check-ins only, who would like to be first. (*After they are done*) We will now take all other check-ins, who will be the next check-in. (*After each check-in say something like [Their name & call sign](#) Thanks for check-in & then ask "Next please"*)

Remember to ID per FCC rules during the net.

(*Try to keep a record of each check-in by using a log sheet and note who has any information for the Net.*)

(*After 10-15 check-ins, allow any information or traffic to be given. It is now time for any public service announcements or items of club business.*) (*Ask if there are any questions for the person who gave the information.*) Are there any additional check-ins, items of business or announcements for the net? (*Acknowledge and make note of them.*) (PAUSE)

At this time does anyone have any swap and shop, please come now. (PAUSE)

At this time are there any questions for the ELMER'S (PAUSE)

Are there any comments or suggestions at this time? (PAUSE)
